For a friendly meal between colleagues or for a family party, you can go for a gourmet barbecue ! At the other end of the buffet, you will find the barbecue, with grilled sea food, fish and meat.

Once everybody is done, the savoury buffet is changed into a sweet buffet, with small sweet things for everyone.

It is possible to choose between low tables with chairs (seated meal) or high tables (standing meal).

### Remarks

1. In case of bad weather, the buffet is set inside of the restaurant. Grilled food is simply brought from the barbecue outside to the buffet.
2. Food quantity is intended for the number of guests, and even a bit more. However, it could occur that some food items have more success than others, and are not available anymore after some time . We plan the buffet generously, but we cannot guarantee that there is still everything available at all time ; this is unavoidable with a buffet.
